ALEXANDRIA AND THE DIS-TRICT OF COLUMBIA.

As beretofore stated Mr. Hayes, California, on May 27 introduced a bill in the House of Representatives to ex-tend the limits of the District of Columbis so as to take in all of Alexandria county, but not Alexandria city or that part of Falls Church which lies within part of Fails Church which lies within the county. The bill was published in full in the Gazette of Jane 1. Com-menting upon this the Gazette of June 1st suggested that Mr. Hayes should read the report made to the Senate on this subject by the late Senator Hear. This report reads as follows and bas never before been published in full: Constitutionality of the retrocession of a

certain portion of the District of Col-lumbia ceded to the United States by

April 11, 1902.-Ordered to be printed. R. HOAR, from the committee on the judiciary, submitted the following ADVERSE REPORT.

The committee on the judiciary, to whom was referred the joint resolution (S. R. 50) directing the attorney-general to bring suit to determine the constitutionality of the retrocession of that portion of the original District of Columbia which was ceded to the United States by the state of Virginia, submit the following report:

The territory on the other side of the Potomac river, including the city of Alexandria, which was originally a part of the 10 miles square, was ceded by Virginia for the seat of government. It was retroceded to Virginia by act of Congress in 1846, accepted by Virginia, and thereafter Congress exercised no ju-risdiction over it, except so far as it concrols the Arlington national cemetery, the experimental farm of the Department of Agriculture, the military school for cavairy, and the signal corps, with the land and buildings occupied by them. It seems to the committee that it is

not expedient that this act of retrocession should be set aside by Congress, even if Congress have the power so t without the consent of Virginia. Virginia accepted the transaction, is being understood that it was at the desire and for the benefit of the national government. She has established in Aiexandria the important and intimate relations which every state forms for its own citizens dwelling on her own soil; and the people, on the other hand, we presome, feel the loyal and deep attachment which such a relation excites. Such tie ought not to be wantonly broken, and ought not to be broken at all without the consent of the parties, except in case of some paramount and overwhelming public interest.

As to the suggestion that the retrocession was unconstitutional, it seems to us the answer is that from the nature o the case it is a political and not a judicial question, and that it has been set tled by the political authorities alone competent to decide it. It is like the question, What is the true state government, the true and lawful government of a state? -like the question, What is the true frontier? where any dispute exists as to whether territory belongs to us or

and until that court choose to reverse its previous opinions. But the fact must be be delivered by Hon. C. C. Carlin, and determined in each case, when it arises, a history of the American flag will be by the jury or other tribunal authorized given by Mr. S. P. Fisher Mr. Jacob to find the fact. It would be ulterly intolerable that iterritory should be held in
one case to be a part of Virginia, and in
another case to be a part of the District

Of Chimpholic and the finding and t of Columbia, according as might be held in the individual case.

So it seems to us the case must be deemed settled by the acquiescence in the act by Virginia and of the United States, as manifested by the conduct of the departments of government for more than half a century. The consequences of holding that this retrocession has been void from the beginning would be very serious.

It it be desirable that Alexandria become a part of the District of Columbia again, the only way to accomplish it will be to open negotiations with Virginia shoes can be had outside of and get her consent. (See Luther v. Borden, 7 How., 1.)

The only store where Regal shoes can be had outside of their agency. John A. Marshall & Bro, 422 King street.

The committee, therefore, report apversely, and recommend that the resolu-tion be indefinitely postponed.

### ALEXANDRIA LIBRARY.

The regular quarterly meeting of the Board of Managers of the Alexandria Library Association, of which Mrs. S. L. Monroe is president and Mrs. E. W. Howard vice president, was held at the home of Miss Emily Gibson, chairman of book committee, on Tuesday, June Stb. 1909, at 11 s. m., when matters of interest and importance to the future of the library were discussed and all transactions of a business nature were unanimously adjusted. With Mrs. liam B. Smoot as treasurer, the financial condition of the library always makes splendid reading for the members of the board. The library is absolutely self-supporting, with about one hundred regular annual subscribers, and has many volumes in constant and rapid circulation. Its reading rooms are open to the public three evenings in the week and it is the earnest hope and desire of the board of managers that all interested in books will spend as much time as possible in these rooms in free discussion with their literary friends. Miss Alice Green, our librarian, is always happy to entertain as many as wish to come on these evenings. In January 1909 786 books were in circulation, in February 1909, 818 books and in March, 1909, 883 books were sent out, and in April and May 1909 about 601 volumes were added to the library shelves.

#### AMUSEMENTS.

The vandeville given at the Surprise Theatre last night was great, every part advertised exceeding the most sanguine expectation of the large audience. Franklyn Lenox, the champion slack wire walker of the world, thrilled the assemblage by his wonderful feats; George Glenfield, the ventilequist, was there with the goods and amused everybody, while the two Hermanos, the exponents of human strength, are marvely. FIGHT IN THE OPERA HOUSE. A scene, not previously announced on the bills, was a feature at the Opera House last night when Harry Matre assaulted a man named Joseph P. Downey. Van Maire and his victim Downey. Van Mare and in viction were arrested by Officer Knight and each left \$5 for their appearance in the Police Court this morning. Downey was on hand, but Van Matre could not be found. According to Downey's state-ment and that of a young man and a young woman, attaches of the Opera House, the assault was unprovoked. Van Matre, it was alleged, applied a vile ep-ithet to Downey and struck him on the left eye with his fist. Later, when his victim was seated, he kicked him in the face. Justice Caton dismissed the charge of fighting against Downey, de-clared Van Matre's collateral forfeited and issued a warrant for his arrest for assault and battery. The case will come

#### YOUNG MEN'S SENATE.

One of the social events of the season was given last evening in the Young People's Building by the Young Men's Senate, it being the closing session for the summer. The hall was crowded by the friends of the senators and the programme rendered was a great success and pronounced to be the best ever given by the senats. After spending a pleasant hour with the programme, all repaired to the hall below where retreshments were served by the young ladies. The moonlight excursion to be given on the steamer St. John June 28th promises to be a great success.

#### RICHARD PINES' TRIAL

Commonwealth Rests Case-Pines Placed Upon the Stand.

Henry Smith, colored, was on the stand in the Corporation Court when the Gazette's report of the trial of Richard Pines, colored, one of the four men indicted for the murder of Walter F. Shuliz, closed yesterday afternoon Smith stated that Pines wanted him to j in in an attempted delivery from the j-il while the two were confined in the Alexandria county jail. Pines, he said, astonishing. This act alone is worth teld him when the jailer came in they the price of admission. from him. Smith said he declined to dris Amusement Company last night enter into negotiations with Pines, and were of a character to excite admiration. at ones wrote a note to the isilar in forming him of the proposed attack, and asked the latter to write to Mr. Brent and Chief Goods informing them of Pines' designs,

Smith was the last witness yesterday afternoon, and when he left the stand court adjourned until 10 o'clock this

THIS MORNING'S SESSION.

When the trial of Richard Pines was resumed this morning the police, by di-rection of Judge Earley, restricted the number of spectators in the courtroom. William J. Whalen testified that after

the murder of Schultz he saw Pines with a .38-caliber revolver at Roat's blacksmith shop, and witness told Pines he had better watch himself. Policeman Sampson was recalled. He

stated that Sanday morning, March 7, Pines went to the field and viewed Schultz's body before it was removed. Pines had two dogs with him, he said. The commonwealth then rested its The first witness for the defense was

Arthur Parker, colored, who testified that he would not believe Henry Smith on oath and Wash Jackson, colored, gave similar testimony.

Mr. Nicol objected to any reference to

Jackson's testimony in the Midgets case and the court sustained him.

C. W. O'Mears said that Smith had a poor reputation for truth and veracity, but that he thought he would believe im on oath.

Mary Grayson, colored, testified that he was at John Ellis's house about 1 o'clock Saturday, March 6, when Smith arrived. The witness said Clara Ellis, a witness in the Johnson case, had gone to Reading, Pa. E. P. Purvis, a Southern Railway

conductor, failed to respond to his name and the court ordered a summons issued for him. Judge Barley added that he would hold Purvis in Alexandria if it became necessary.

John Ellis, colored, said that Henry

Smith was at his house when he go ome at 4:30 Saturday afternoon, March . Smith left about 7 o'clock and witness walked to the corner of Queen and Payne streets. Witness declined to take a drink and returned home.

Mary Esrl, colored, said Henry Smith ame to her house about 8 o'clock Saturday, March 6, and stayed there until o'clock Sanday afternoon. When he left he said be was going to Washing-ton for a few days, as he had knocked 2 white man in the head with a rock and he was afraid the police were after him. Smith groaned continuously in his sleep, she said. Sne dealed having given Smith 25 cents. She also testified that smith's shoes were not muddy when he arrived at her house.

James Earl, colored, corroborated his wife's testimony and denied having told Mr. Brent and Chief Goods that Smith Day. told him Saturday night that he had knocked a white man in the head and wanted to stay all night.

William Willis, colored, who keeps

the stand. He traced his alleged movements from 6 o'clock on the evening of March 6, and said that after eating sup-per at home he went to Ed. Green's and played pool. As he went in Green's, he said, he saw a woman nearby and spoke to her. Pines claimed that he in today's paper by D. Bendheim & Sons played several games with Phil Toler, and then laid down and went to aleep. Someone called him about closing time. Sunday morning about 7:30 o'clock he left home with his two dogs and the first he knew of the murder was when Policeman Arrington told him a man had been cut. He said he went to the field and riewed the body of Schultz. Pines told of having owned two pistols prior to the murder, and told the jury how he had disposed of them, but denied having owned a pistol on March 6.

### AFTERNOON SESSION.

At the affernoon session of the court Pines was again called to the stand and Mr. Brent resumed his cross-examination for the state. Pines testified that Morris Harmon taunted him in the jail at Fairfax for befriending the Alexandria police, but he denied that he had threatened "to tell on Dorsey." Pires also denied having tried to get Police man Sherwood's pistol during the police court trial to kill Smith.

Pines wanted to make a further statement, but Mr. Nicol objected and the accused left the stand.

Henrietta Washington, Pines' mother, said "Dick" came home about 6 o'clock the evening of March the 6 and after eating supper left home about 7, saying he was going out to play pool. Examined by Mr. Brent, Henrietta admitted that she had made a different statement as to "Dick's" movements. Mr. Brent offer-ed in evidence a copy of a letter written by Pines to his mother with reference to his witnesses, and Henrietta denied baving received it. Pines was recalled and said that he had written such a

said he could put his hands on the murlerers in ten minutes. At 12:40 with Pines still on the stand

court took a recess until 2 o'clock. George Rector, colored, said he went to Henrietta Washington's house about p. m. the night of March 6 and Dick came in a few minutes later. Dick washed his face and bands, ate his supper and after smoking a cigarette went out, probably about 7 o'clock. He said he did not see Dick sgain until the next

day.

Bianche R. Taylor, colored, said she lived two doors north of Ed Green's pool room and saw Pines going into the pool room about 8 o'clock the evening of March 6. She was closely questioned by Mr. Brent as to where she stood when she saw Pines. From the line of questions by Mr. Brent it was evident that he was trying to show that the witness had changed her mind on certain points since the trial of Johnson,

Isaac Thornton, colored, said he saw Henry Smith board a car at King and St. Asaph streets the afternoon of March and Smith got off at Cameron and Fayette streets, saying he must get a ticket but Smith did not get on the train again. Shortly after 1 o'clock the same sternoon he saw Smith again at the

Mount Vernon station in Washington, Julia Brown, colored, daughter of Thomas Brown, the undertaker, said she was in her kitchen between 7 and 8 o'clock the night of March 6 and heard orthing unusual.
Dr. A. B. Penn, a colored physician,

repeated the testimony he gave in the rial of Johnson as to the physical condition of Eugene Dorsey.

Mr. Brent questioned the doctor closely as to his knowledge of asthma,

from which Dorsey is said to have been Frank F. Rost bad just been called to the stand when this report closed, and Henry Smith had just been brought in-
